

Cleveland College of Art & Design Fees and financial support 2009 entry

Tuition Fees*

An annual tuition fee of £3,225 is payable by all students on full time undergraduate courses for 2009 entry. You do not have to find this money up front as you can apply for a tuition fee loan from the Student Loan Company to cover the cost.

Tuition fees will rise slightly each following year in line with inflation and subject to government regulations.

Student loans do not start to be repaid until the April after you have left your course, and you only repay a percentage of your income, so repayments are based on the amount you earn and not on the amount you owe.

Cleveland College of Art & Design Bursaries*

Students with a household income of up to £25,000 a year will receive a non-repayable bursary of £1,025 each year. For UK students, your bursary entitlement will be based on your eligibility for the non-repayable maintenance grant when you apply for help with living costs to Student Finance Direct or your Local Education Authority. You will be notified of your bursary entitlement shortly after you have sent to the College your financial assessment notification that you received from the Student Loans Company. EU students should contact the Student Finance Direct EU team to apply for a fees loan and financial support assessment.

Foundation Degree Scholarships*

Foundation Degree scholarships are worth £1,000 over the two years of the course – they are non-repayable.

Our scholarships are designed to recognise and reward academic achievement. They are awarded to students who have at least 285 UCAS tariff points at Level 3 (excluding As level or key skills). This could be from A-Levels, BTEC National Diploma or Advanced Scottish Higher but the addition of tariff points from more than one qualification is not permissible. In the case of A-Levels, this must include at least two subjects at grade B or higher. Equivalent EU qualifications are also eligible.

** Applies to UK and EU students only*
